LITTLE LEGENDS

Your Ultimate Adventure-Packed Educational Solution!

Stories, games, and classroom activities! Children join the Little Legends as they navigate unexpected challenges, harness the power of teamwork, and discover the true meaning of being legendary. Unlock a world of joy and meaningful learning with our themed 5-story sets!

Grades K-3

DRONE LEGENDS®

Each enriching adventure package offers an all-in-one classroom experience, and includes:

Engaging Stories with Detailed Lesson Plans

Dive into captivating narratives featuring Mateo, Nova, Kannon, Ember, and Gimbal—the Little Legends themselves—as they tackle real-world drone-themed challenges! Each story comes with four meticulously designed, one-hour lesson plans to help you guide the adventure effortlessly.

Physical Play

Break from routine with activities that are not just fun but also keep young bodies active. Each activity aligns with the story's theme, ensuring an active and thematic experience.

Unplugged Coding

Experience story-related, device-free challenges that introduce young programmers to critical thinking, laying the foundation for early coding skills without needing digital devices.

Hands-on Build Challenges

Designed to familiarize budding innovators with the engineering design process, offering a practical approach to creativity and problem-solving.

Math Games

Focusing on counting, matching, sorting, combining, and problem solving, these high-energy movement games immerse students in the stories, making math fun and interactive.

Prompt Engineering

Join Gimbal, the AI drone, and the Little Legends for an adventure in Prompt Engineering. This magical experience helps young students learn about prompt engineering through adventurous tales, enhancing their skills in communicating effectively with AI.

Perfect for:

✏️ **In school:** in class, after school, specials

🏠 **Out of school:** enrichment programs, school breaks, camps

⏰ **Anytime:** learning-based fun!

🧑 **Students grades K-3**

Alignment & Standards

- Every component is meticulously aligned with Next Generation Science Standards, ELA, and Social and Emotional Learning.
- From park adventures to high-tech scenarios, your students get a taste of the booming drone industry, making STEM relatable and exciting!
